<b>WHY DOES MILLICOM CONSIDER IMPORTANT TO WORK TOGETHER IN THE OBJECTIVES OF THE 2030 ICT ALLIANCE?</b>	<p>Innovative approaches are needed to bring the next billion people online. This requires collaboration and efforts of all actors of society, including private companies. The 2030 ICT Alliance clarifies the role of the ICT industry in contributing to the Global Goals and jointly the industry can have a wide and lasting impact to digital inclusion.</p>
<b>INITIATIVES FOR THE APPROPRIATION OF THE ICT, WHICH ARE ALLIGNED WITH THE OBJECTIVES OF THE 2030 ICT ALLIANCE FOR THE AMERICAS</b>	<p>Information sessions to 20 educational institutions on safe internet Colombia - TigoOne gave Safe Internet training in 20 schools, carrying out 114 activities benefitting 6305 people (children, teenagers, parents and teachers). Those sessions allowed all participants to understand how to prevent and protect themselves and others online.</p> <p>Hundreds of Telecentros installed throughout Paraguay to give access to digital education Paraguay - One of Tigo Paraguay's main programs in advancing digital inclusion in agreement with both the Ministry of Education and Culture and educational foundations, are the so-called Telecentros. Telecentros are container boxes adapted to ICT classrooms with ten computers, a printer, furniture and free internet access. More than 100 Telecentros have now been installed in schools and communities in throughout the country, benefiting 150,000 people.</p> <p>Tigo El Salvador's Digital Learning Center El Salvador - Tigo El Salvador, in cooperation with USAID and the Ministry of Education, has inaugurated so far nine Digital Learning Centers in schools around the country with the aim of having centers in each department in the country by 2017.</p>
<b>COMMITMENT OF THE OAS MILLICOM ALLIANCE</b>	<p>COMMITMENT 1: By 2020, implement a sustainable volunteering program in all Millicom operating markets, with one key pillar of participation to provide digital education to under-served groups.</p> <p>COMMITMENT 2: By 2020, implement Child Online Protection educational programs in all Millicom operating markets intended to promote and empower children, parents, teachers and our customers to be safe online.</p> <p>COMMITMENT 3: By 2030 connect 2,100 educational community institutions in Latin America, including youth centers and public schools, and equip educators in these institutions with programs for child and youth safety online.</p>
