COM/CITEL RES. 2 (II-94)

ESTABLISHMENT OF A WORKING GROUP ON REGIONAL TELECOMMUNICATIONS DEVELOPMENT

The Second Meeting of the Permanent Executive Committee of CITEL (COM/CITEL),

HAVING SEEN:

The interest of CITEL to participate with its full capability in the telecommunications development process.

The results of the World Telecommunications Development Conference (WTDC) included in the Buenos Aires Declaration and in the corresponding Action Plan.

The resolutions adopted by the Plenipotentiary Conference (PP-94).

The agreement to strengthen Inter-American cooperation in favor of the Region integral development (XX Extraordinary Session of OAS General Assembly).

CONSIDERING:

The PCCs activity program which includes several actions in the telecommunications development area.

The report of the Ad Hoc Group, established in the resolution of the First CITEL Assembly, that suggests the establishment of a Working Group in order to orient and coordinate the Commission's participation in this process.

The valuable exchange of views on this issue that took place in this COM/CITEL meeting.

RESOLVES:

1. To establish a COM/CITEL Working Group on Regional Telecommunications Development as a coordination body within CITEL and as a link with the ITU development sector and the regional telecommunications organizations.

2. To appoint Chile as host country of the Group; the Chilean Administration should designate the Chairman of the Group and request the creation of a supporting office.

3. To give the Group the following mandate:

3.1 To propose the COM/CITEL Chairman all the actions related to the fulfillment of the objectives of the Commission (Art. 3 of the Statutes), especially those included in sub-paragraphs a), b), c) and e) since they are
closely related to the telecommunications development.

3.2 To coordinate with the various CITEL bodies the programs and activities to be performed by CITEL in order to support the development of regional telecommunications, particularly taking into consideration the need for a close cooperation with regional telecommunications organizations and, most especially, to make an appropriate utilization of ITU assistance and support through the BDT and the Regional Office to the countries in the region.

4. For the fulfillment of its mandate, the Group should mainly take into account:

4.1 The issues included in WTDC resolutions 2 and 3 which constitute a very appropriate guideline to be considered by the Group and used in its working methods through their adaptation to Regional needs.

4.2 The fact that the fulfillment of its mandate is closely related to the achievement of an average telephone density adequate to development requirements. In this connection, the policies applied in those countries that have notoriously increased their telephone density as a result of competition in both national and international telecommunications, must be observed with special attention.

4.3 The report submitted by the COM/CITEL Ad Hoc Group on Telecommunications Development, approved by the II Meeting of COM/CITEL.

**COM/CITEL RES. 3 (II-94)**

**CITEL STRATEGIC PLAN**

The Second Meeting of the Permanent Executive Committee of CITEL (COM/CITEL),

**CONSIDERING:**

The adoption of the CITEL Statutes by the General Assembly [AG/RES. 1224 (XXIII-0/93] and the adoption of the CITEL Regulations by the General Assembly [AG/RES. 1259 (XXIV-0/94)] which transformed CITEL from a series of conferences to a Commission specializing in telecommunications;

CITEL's new organizational position within the OAS with the prime responsibility to foster telecommunications throughout the Americas; and

That the work plans for the Permanent Consultative Committees (PCCs) within the mandates established by the First CITEL Assembly [CITEL RES. 8(I-94)] must be dynamic and flexible and be undertaken within the strategic framework of the changing telecommunication environment; and

**TAKING INTO ACCOUNT:**
The Summit of the Americas Plan of Action, December, 1994 directing CITEL to develop and carry-out a work program to meet specific objectives for developing telecommunications in the Americas region;

The preliminary draft Strategic Plan for the period 1995 - 1999 prepared and distributed by the Executive Secretary for consideration by COM/CITEL; and

RECOGNIZING:

The progress made to modernize and expand telecommunication facilities and services as a result of restructuring telecommunication policies and regulations and introducing new technologies; and

The enhanced role of CITEL in the Americas region and the need to determine those strategies that will position CITEL to make the most efficient use of available resources to carry-out its work plans and to effectively meet its objectives.

RESOLVES:

To develop a Strategic Plan for CITEL for the period 1995 - 1999 based on the following:

1. Establish priorities within the work programs of the Permanent Consultative Committees (PCCs) that will best fulfill the directives given to CITEL in the Plan of Action adopted at the Summit of the Americas, December, 1994.

2. Encourage the participation and active involvement of CITEL's Members and Associate Members in the work programs of the PCCs with particular emphasis on encouraging Administrations and the private sector to give a higher priority to CITEL's work programs.

3. Determine the resources and funding needed to effectively carry-out priority programs; project the future regular budget requirements; identify any sources of extra-budgetary funding that could be made available; and set forth ways to maximize the use of limited resources.

4. Identify ways to sustain the progress of the work during the intervals between meetings of the PCCs taking into account funding requirements for working group meetings and the extent to which work can be facilitated by greater use of modern means of communications including on-line access to databases and information networks.

5. Identify ways to lessen the financial burden on those countries elected to chair COM/CITEL and the PCCs in light of the expanding work programs and the shorter time horizons to produce results;

7. Develop closer relations with other elements of the OAS that have responsibilities for the preparing of telecommunications development programs.

8. Identify ways to best disseminate information and to promote the work of CITEL within the OAS, within the administrations of Member countries and within the telecommunications industry of the region and create public awareness of the work of CITEL.

CONSIDERING:

That in order to achieve the Objectives and Functions of the Inter-American Telecommunication Commission as provided for in article 3 of the Statutes, the adoption of a Training Program geared towards the human resources required for these Objectives and Functions is necessary;

expression of hemispheric solidarity and in recognition of the interdependence that exists among our peoples;

That Regional Training Centers in the field of telecommunications exist in the following Member states: Brazil, Canada, Chile, Mexico, Paraguay, Suriname, and the United States, and are in need of additional financial resources to be able to mobilize the potential which their institutional resources offer;

RESOLVES:

1. To devise a CITEL Training Program to promote and enhance the training of human resources required to attain the Objectives and Functions of CITEL. Such a program must be geared towards achieving optimum use of the Regional Training Centers through courses and an exchange of institutional experience at subregional level by offering to that effect fellowships and internships. It should also promote hemispheric solidarity through horizontal cooperation among Member States and be part of the efforts undertaken by Member States to achieve regional and subregional integration.

2. To request approval from the Secretary General of the Organization of American States for the transfer of funds from the 1992-1993 Program-Budget, Regular Fund, not used by the Department of Fellowships, to the CITEL Fellowships Project, in the amount of US$ 199,400.00, to launch the CITEL Training Program in 1995.

**ANNEX TO DECISION COM/CITEL 5/94**

**WHAT IS CITEL?**

The Inter-American Telecommunications Commission (CITEL) is an entity of the Organization of American States. Its purpose is to facilitate and promote, by all means available to it the continuing development of telecommunications in the Americas, along with the existence of appropriate telecommunications for the process of regional development.

**WHAT ARE THE PERMANENT CONSULTATIVE COMMITTEES? WHAT IS THEIR PURPOSE?**

The Permanent Consultative Committees (PCCs) are Working Committees responsible for furthering CITEL's ends. There are three PCCs, respectively responsible for: Public Telecommunication Services (PCC.I), Broadcasting (PCC.II), and Radiocommunications (PCC.III).

The purpose of the PCCs is to provide advice to all regional telecommunications entities in matters relevant to their respective areas of competence.

**WHO PARTICIPATES IN THE PCCs?**
CITEL Member States (which are all OAS Member States) and American States which, although not OAS Members, have been accepted in accordance with the pertinent statutes. Associate Members also participate.

**WHO MAY BE ASSOCIATE MEMBERS?**

Associate Membership on a Permanent Consultative Committee (PCC) of the Inter-American Telecommunications Commission (CITEL) is open to any recognized operating agency, scientific or industrial organization, or financial or development institution related to the telecommunications industry, that has a legal personality, provided such Membership is approved by the corresponding CITEL Member State (i.e., the country where the entity was incorporated or has its principal office).

**WHAT ARE THE BENEFITS OF ASSOCIATE MEMBERSHIP?**

Access to abundant first-hand strategic information on such matters as the state of telecommunications in the countries, development and investment needs, and project initiatives (not yet announced) of interest to associate members.

Opportunity to increase their presence in the countries of the Americas by associating with CITEL, which enjoys a solid reputation for impartiality and the confidence of decision makers at the national level.

A forum that makes possible full participation in, and contribution to, the development of programs and projects in the Americas.

An unparalled opportunity to joint participation with those who make decision and those who participate in the decision-making processes for national telecommunications policies.

The opportunity to establish a close relationship with key players in telecommunications in the Americas.

**HOW DO ASSOCIATE MEMBERS PARTICIPATE?**

Associate Members of a PCC may participate tully in all the activities of that PCC, with voice but without vote. They may present technical papers and receive the documents of that PCC (i.e. they may contribute proposals and participate in the formulation of the PCC's decisions and plans of action).

Furthermore, when authorized in writing by a duly designated governmental representative of a Member State which is a Member of a PCC an Associate Member may, in that PCC and on behalf of and in representation of that state: (1) vote, (2) submit papers, and (3) propose to include topics on the PCC's agenda.

**DOES IT COST TO BE AN ASSOCIATE MEMBER?**

Associate Members share in the cost of operation of the PCC in which they participate, voluntarily choosing a contributory level. The contributory level is based on an "unit" scale. the smallest share is "one" unit. The monetary value of the unit is one thousand United States dollars (US$ 1,000.00) and covers membership prorated for one calendar year. Associate Members
choose the units of their contribution as they see fit.

HOW DOES ONE APPLY TO BECOME AN ASSOCIATE MEMBER?

Applications must be forwarded to the Member State belonging to the respective PCC, together with an indication of the elected contributory unit and the pertinent information of a contact person to whom procedural information may be sent. The corresponding Member State shall be responsible for examining and approving such applications based on such criteria or procedures for sponsoring Associate Members as it deems appropriate.
