The XXVI Meeting of the Permanent Executive Committee of CITEL, COM/CITEL,

CONSIDERING:

- a) The report of the Human Development Coordination on the results achieved by the 2012 CITEL training program;
- b) That it is essential to constantly update training for telecommunication/information and communication technology (ICT) staff, bearing in mind the sector's ever-changing environment;
- c) That, for 2013, there is no information on budget resources from the OAS Regular Fund for scholarships, which will be decided upon at the Special Assembly of the OAS on November 15, 2012;
- d) That training needs from the Member States for 2013 are still being surveyed,

RESOLVES:

1. To empower the Human Development Coordination to draw up an initial program of CITEL courses for 2013, based on priority training needs and the budget for scholarships, which shall be circulated among the Member States for their consideration and adoption.
2. To establish that, if the Human Development Department of the Organization of American States (OAS) invites CITEL to participate in the Professional Development Scholarship Program competitive bidding for 2013, the General Coordination would participate in those cases where the institutes are interested in sharing the corresponding scholarship costs.

² COM/CITEL/doc. 1504/12

5. To establish that the conditions for delivering the courses, unless otherwise specifically indicated in *resolves* 1, shall be as follows:

- There shall be no more than 35 students in each online course.
- The maximum registration fee for all online courses with CITEL scholarship shall be US\$200.
- 10% of the total amount earned from registering the participants benefiting from CITEL/OAS scholarships for online courses provided via the ITU Centre of Excellence platform shall be deposited into an account that shall be used as budget for the reserve fund (seed fund) for the course program of the following years and whose authorization for use would be via the Human Development Coordination.

INSTRUCTS THE EXECUTIVE SECRETARY:

1. To send a note to the Director of the Telecommunication Development Bureau of the International Telecommunication Union (ITU) to thank and highlight the important coordination work done with the ITU Regional Office for the Americas and Caribbean through the Center of Excellence for the Americas Region. In this note, a request shall be made to uphold the financial and human resources that the Centre of Excellence for the Americas Region needs to continue the successful work done up until now by the two institutions in the Americas.

COM/CITEL RES. 149 (XXVI-12) ⁶

SECURING FINANCIAL SUSTAINABILITY FOR CITEL DURING 2013 AND BEYOND

The XXVI Meeting of the Permanent Executive Committee of CITEL, COM/CITEL,

CONSIDERING:

- a) That CITEL's Secretariat Personnel financed by the OAS Regular Fund are CITEL's Executive Secretary at the P-5 level; a Senior Specialist at the P-4 level; and a Secretary at the G-6 level;
- b) That the 2013 Program-Budget Resolution scheduled for approval by a Special Session of the OAS General Assembly meeting on November 15, 2012, assigns an allocation of US\$531.9 thousand from the OAS Regular Fund to CITEL, which may not be sufficient to cover the full cost of CITEL's Regular Fund financed personnel together with the administrative costs necessary to sustain CITEL's essential activities;
- c) That in response to Member State concerns that the amount assigned to CITEL under the 2013 Program Budget likely to be approved by a Special Meeting of the OAS General Assembly on November 15, 2012, may not cover the full cost of CITEL's Regular Fund financed personnel, the Director of the OAS General Secretariat's Department of Planning and Evaluation informed this meeting of COM/CITEL that: (i) an account existed within that proposed Budget to finance shortfalls in the funding of Regular Fund financed personnel; and (ii) shortfalls could also be covered by within and between Regular Fund Chapter transfers, pursuant to the applicable General Standards;
- d) That Article 29 of the CITEL Statute requires the General Secretariat to establish among CITEL's specific funds the Supplementary Fund for Support of General Operations to be funded by CITEL Member States voluntary contributions and a Supplementary Fund for the Activities of the Permanent Consultative Committees, to be funded by voluntary contributions from CITEL Member States and by fees from Associate Members, as determined by CITEL Regulations;
- e) That several Members have expressed concern over the financial sustainability of COM/CITEL in light of possible future reductions in OAS Regular Fund financing, and they have suggested that a special Ad Hoc group of interested Member States be formed to study the financial sustainability of CITEL and make the corresponding recommendations to COM/CITEL and CITEL's next Assembly;
- f) That the reality of reduced budgetary allocations makes it incumbent upon the membership in consultation with the Secretariat of CITEL, to identify the priorities for CITEL activities in the future,

RESOLVES:

1. To instruct the Executive Secretary of CITEL to explore with the appropriate authorities within the OAS General Secretariat the availability of the mechanisms suggested by the Director of the Department of Planning and Evaluation at this meeting for covering budgetary shortfalls, in the event any such shortfalls arise in the execution of CITEL's 2013 Regular Fund Budget.

⁶ COM/CITEL/doc. 1521/12 rev.1

2. To urge the Members to contribute additional resources each year to CITEL's Supplementary Fund for Support of General Operations, which may be used, in part, to cover any shortfall in CITEL's essential administrative costs.
3. To instruct the Executive Secretary of CITEL to determine the percentage of each line-item of CITEL administrative costs currently covered by the Regular Fund, if any, that can be legitimately allocated to the Permanent Consultative Committees and to so inform the Steering Committee at its next meeting.
4. To instruct CITEL's Steering Committee to meet quarterly to review CITEL's budget execution during the 2013 fiscal period and to take the necessary measures, including the adjustment and reprogramming of CITEL's Budget, to assure that shortfalls are covered or otherwise avoided.
5. To request COM/CITEL's Chair to establish a Ad Hoc Group to examine CITEL's future direction, together with possible alternatives for structural changes to CITEL and the corresponding modifications of its Statute, and to present a report with recommendations as to those possibilities and proposals to COM/CITEL so that they may be considered at the next CITEL Assembly.

DRAFT RESOLUTION

AG/RES. XXX (XLIII-O/13)

SUPPORT FROM CITEL FOR THE IMPLEMENTATION OF THE OUTCOMES OF THE SIXTH SUMMIT OF THE AMERICAS AND THE HIGH-LEVEL WORLD CONFERENCES HELD IN 2012

THE GENERAL ASSEMBLY,

RECALLING:

That by resolution COM/CITEL RES. 242 (XXV-11), “Contribution by CITEL to the Sixth Summit of the Americas,” the Permanent Executive Committee of CITEL invited the Member States of CITEL to forward to the National Coordinator of the Sixth Summit of the Americas documents arising from different meetings of CITEL that reflected the positive impact of telecommunications and information and communication technologies on matters of high importance to the region, such as social inclusion, citizen security, natural disaster prevention and mitigation, and the promotion of access to and use of technology;

The major efforts made by CITEL, as the regional telecommunication organization for the Americas, at the 2012 World Radiocommunication Conference (WRC-12) of the International Telecommunication Union in presenting over 200 inter-American proposals for revisions to the Radio Regulations, the international treaty governing the use of the radio spectrum and geostationary and non-geostationary satellite orbits;

That CITEL participated actively in the preparations for the “Connect the Americas” Summit (Panama City, Panama, July 17 to 19, 2012), whose overall objective was to mobilize the human, financial and technical resources required to implement the results of the World Summit on the Information Society (WSIS); and

That by decision of Permanent Consultative Committee I: Telecommunications/Information and Communication Technologies (PCC.I) at its third plenary session, 39 inter-American proposals were forwarded to the 2012 World Telecommunication Standardization Assembly (WTSA-12) (Dubai, United Arab Emirates, November 20 to 29, 2012), and 14 inter-American proposals to the World Conference on International Telecommunications (WCIT-12) (Dubai, United Arab Emirates, December 3 to 14, 2012);

CONSIDERING:

That WRC-12 adopted resolutions of high impact in the areas of mobile broadband; the digital dividend; interference; and the coordination and notification of satellite networks, and that it developed the agenda for WRC-15, which includes items with high impact on the region, since the radio spectrum is a finite resource, but frequency requirements and the numerous radiocommunication applications are increasing, so that regulatory procedures must be evaluated on an ongoing basis to ensure that needs of Administrations are met;

That at the Sixth Summit of the Americas, mandates were adopted in the areas of “integration of physical infrastructure in the Americas”; “access to and use of information and communication technologies”; “poverty, inequality, and inequity”; disaster risk reduction and management”; and “citizen security and transnational organized crime,” which contain provisions directly related to the work of CITEL;

That WTSA-12 will determine the next study period of the ITU Telecommunication Standardization Sector, and that WCIT-12 will revise the current International Telecommunication Regulations (ITRs), the binding global treaty that contains the principles governing international voice, data, and video traffic and lays the foundations for ongoing innovation and market growth; and

That in the first quarter of 2014, the Sixth Regular Meeting of the Assembly of CITELE is to be held in Santo Domingo, Dominican Republic, and that that Assembly is the inter-American forum for the exchange of views and experiences by the highest telecommunication/ICT authorities of the Member States of CITELE, taking appropriate decisions to guide their activity, and that preparations for this Assembly are to begin in 2013; and

REAFFIRMING:

That, in its capacity as the leading multilateral forum of the Hemisphere, the OAS has an exceptional part to play in strengthening connectivity in the region in order to contribute to its socioeconomic development; and

That the Inter-American Telecommunication Commission (CITELE) has a crucial part to play by establishing a reference point in the Americas with regard to the Information Society and that it has proven an effective mechanism for facilitating contributions by Member States to international conferences,

RESOLVES:

1. To invite the Member States to participate actively in the activities related to the preparations for WRC-15, the Sixth Regular Meeting of the Assembly of CITELE, to be held in 2014, the 2014 World Telecommunication Development Conference, and the 2014 Plenipotentiary Conference, as applicable, so that they come to these conferences with a strong and consensus-based regional position.
2. To emphasize that the core competencies of CITELE in the field of ICT, such as assistance in bridging the digital divide; regional and international cooperation; radio spectrum management; and information dissemination, are of crucial importance in building the Information Society.
3. To invite the General Secretariat of the OAS to continue to provide CITELE with the support necessary to ensure continuity in the implementation of its mandates.
4. To encourage the Member States and associate members of CITELE to present proposals and contributions for the meetings of CITELE and, if possible, to provide voluntary financial contributions for efforts to promote the development, coordination, and implementation of strategies and projects, as applicable, to expand access to and the use of ICT.
5. To request CITELE to report to the General Assembly at its next regular session on the implementation of this resolution.
